

LIMITED USE POLICY  
FOR MOTORIZED VEHICLES  
CURRY COUNTY SPECIAL EVENTS CENTER

**IT IS** the policy of Curry County that motorized vehicles and/or equipment that might damage the dirt on the Special Event Center floor, or pollute the building itself, shall be restricted and limited pursuant to this policy.

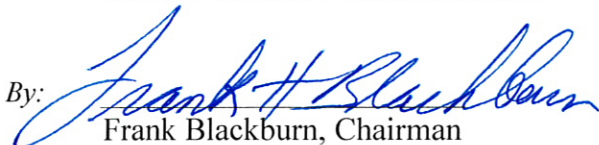

1) No motorized events which involve the use of a track or timed course, such as, but not limited to, motocross, demolition derby or monster truck events, will be allowed to be held in the Special Event Center. This application shall be broad enough to include any event that could cause damage to the arena floor, arena walls and the arena ceiling. Damage, as specified in this provision, is not limited to physical damage to the facility itself but also includes leaving or depositing of residue such as soot or exhaust residue on the arena walls, ceiling and/or oil, grease or other fluids or broken pieces of metal, plastic, glass, etc. on the floor.

2) The use, by Curry County, of equipment to set up, maintain or otherwise work on the arena, is excluded from this policy.

3) The use of other non-county motorized equipment for set up and/or maintenance of the arena or display, such as car shows, shall be allowed, in a restricted and limited use, only with the prior written authorization by arena management.

APPROVED this day of January, 2009.

CURRY COUNTY COMMISSION:

By:   
Frank Blackburn, Chairman
